

Pine Tree ISD Online Registration System

Pine Tree ISD will once again be utilizing the **Skyward Family Access Online Registration System**. This system has proven to make the registration process more efficient and timely for parents and staff. Parents will be able to complete the majority of the forms required for registration electronically thus eliminating thousands of paper copies, saving parent's time and increasing staff efficiency.

Beginning July 26, 2017, at 10:00 a.m., families may begin the Online Registration process through their PTISD Skyward Family Access account at gradebook.ptisd.org. Families may verify and update contact and emergency information for each child as well as complete required forms and review policies.

A **Family Access account is necessary** to complete the back-to-school Online Registration process for each child. Returning families/students may use the same login as last year. **If you need assistance with Skyward Family Access please contact your child's campus!** Only a parent in the first family listed in Skyward Family Access can complete the online registration process. Your one Family Access account will access all your children's information on all campuses.

PTISD Online Registration is REQUIRED for all Returning PTISD Students
